Civil Action No. 18-cv-5587

Hon. John Z. Lee

Magistrate Judge Young B. Kim

JOINT STATUS REPORT

For the Court's convenience, the Receiver, the SEC, the Institutional Lenders, and Certain Investor-Lenders submit the following joint status report in advance of the scheduled December 17, 2020 hearing.

A. Process for the Resolution of Disputed Claims

Counsel for the Receiver, the SEC, and the Institutional Lenders have conferred and exchanged drafts concerning the details of the process for the resolution of disputed claims to address the court's rulings to date and their respective concerns. Counsel for certain investor-lenders has been included in these communications but states that he is not yet in a position to provide substantive input on the issues.

Said counsel met and conferred in regards to the proposal for the EquityBuild Documents as directed in Dkt. 836, as well as in regards to the issues relating to the distribution of the proofs of claim and supporting documents (the "Claims Documentation") to claimants asserting claims

against the same properties, as reflected in the attached **Exhibit 1**. Pursuant to procedures reflected therein, Counsel request entry of:

- (1) the Agreed Confidentiality Order previously submitted to the court (Dkt.799, Ex. E);
- (2) an order directing the Receiver to distribute the Claims Documentation and setting forth an opt-out procedure regarding the Agreed Confidentiality Order;
- (3) an order approving the retention of document vendors Axos and Avalon to begin the process of transferring claims documentation for distribution to claimants; and
- (4) an order approving the retention of CloudNine and TeamWerks to host the EquityBuild documents and begin the process of gathering, culling, and uploading documents to a database for access by claimants.

The parties further request an additional 35 days (until January 22, 2021) to file an additional joint status report on the balance of the claims process, in which the parties will endeavor to (a) propose an agreed framework and procedures for certain details of the summary proceedings for resolution of claims, and (b) identify any remaining areas of dispute to the Court. Such an extension will not delay the claims resolution process, as this work will be done during the approximately three month period estimated to make the proofs of claim documentation available to Claimants and to gather, cull, upload and create the EquityBuild document database that will be available to the Claimants.

B. Standard Discovery Requests

The parties jointly submit the attached Standard Discovery to Investors (**Exhibit 2**), which reflects the Court's oral rulings of October 27, 2020, adds an additional Written Question (No. 3) proposed by the Receiver, and re-drafts of Document Request (No. 12) and Written Question (No. 17) that the Court authorized the Institutional Lenders to propose. Counsel for the Institutional Lenders has indicated that the Institutional Lenders do not object to the inclusion of

this additional interrogatory. However, there are a few issues that remain in regards to certain of the discovery requests. With regards to Written Question No. 12, counsel for some investor-lenders seeks to include the word “knowingly” in that request, which institutional lenders disagree with. As to Request 12 and Written Question 17, the Receiver is concerned that the revised proposal remains confusing to any reader.

The parties are awaiting a ruling on the Institutional Lenders’ pending Motion for Protective Order (#866) before they can finalize the Standard Discovery to the Institutional Lenders.

C. Pending Motions

For the court’s convenience, the Receiver, the Institutional Lenders, and the SEC provide the following update to identify current pending motions:

1. The remainder of Receiver’s Motion for Approval of Process for Resolution of Disputed Claims (Dkt 638; see (Dkt. 863)).
2. (Corrected) Motion for Priority Determination and Turnover of Sale Proceeds (Dkt. 785) filed 9/10/20, Receiver’s Opposition (Dkt. 806) filed 10/02/20, and Reply (Dkt. 817) filed 10/14/20.

4. Motion for Reconsideration (Dkt. 814) filed 10/12/20, joined by Liberty EBCP, LLC and BC57, LLC (Dkt. 818) on 10/16/20, SEC’s Opposition (Dkt. 822) filed 10/26/20, Receiver’s Opposition (Dkt. 823) filed 10/26/20, and Reply (Dkt. 849) filed 11/3/20.

SEC v. EquityBuild

1. *Order Initiating Process.*

- a. We anticipate that Judge Lee will enter the Agreed Confidentiality Order that was approved at the September 23, 2020 hearing.
- b. We request that the Court also enter an Order instructing the Receiver to make the proofs of claim and supporting documentation submitted by each claimant against an estate property available to each other claimant who has made a claim against the same property. The requested Order would attach the Agreed Confidentiality Order and would direct:
 - i. that any claimant who does not agree to the terms of the Confidentiality Order must notify the Court and the Receiver within 14 days, and
 - ii. that any claimant not providing such notice will be bound by the terms of the Confidentiality Order and subject to penalties for noncompliance.
- c. Claimants who opt-out of compliance with the Confidentiality Order will not be provided access to the claims documentation.

2. *Access to Claims Repository.*

- a. The Receiver has prepared a listing of the claimants who have submitted claims against the estate, and attach hereto a version that is sorted by property as **Exhibit A**.
- b. The Receiver will establish a claims documentation repository where the claims and supporting documentation that claimants have submitted to the Receiver will be held and transferred via FTP link to each claimant who claims an interest in the same property and has not opted out of compliance with the Confidentiality Order.
 - i. The Receiver seeks a court order approving the retention of Avalon to establish the claims repository and manage the distribution of claims documentation on a property-by-property basis. The anticipated cost for Avalon to provide these services barring any unforeseen issues is \$1000/mo. for an anticipated

Exhibit

1

exhibitstickler.com

3-month period, plus \$5,250 project management time, for a total of approximately \$8,250.

- ii. The cost for Axos to process and provide the documentation to Avalon is estimated by Axos to be in the range of \$1,300 to \$2,100.
- c. The Receiver will prepare an email notice to all claimants explaining the process for obtaining claims documentation, alerting them to be on the lookout for an email from Avalon, and providing easy-to-understand highlights of the Confidentiality Order and an explanation of how to redact personally identifiable information:
 - i. All claimants accessing the FTP site are bound by the Confidentiality Order entered by the Court;
 - ii. Claimants may not share the documents with anyone not permitted by the Confidentiality Order or use any information contained in the documents for any purpose other than this case;
 - iii. Claimants must remove any personally identifiable information from the documents before filing them in the public record.
- d. Links to the claims documentation will be sent on a property-by-property basis, beginning with the five properties in the first group proposed in the Receiver's claims process motion (properties numbered 74-78 on Exhibit A) and following sequentially in the order of the remaining property ID numbers (i.e., beginning with property 1 and proceeding in numerical order).
- e. Once the vendors are approved, and the information is transferred from Axos to Avalon, the Receiver anticipates that it will take approximately 2.5 months to provide links to all the claims for all the properties.

3. *Access to EquityBuild Documents*

- a. Vendors – CloudNine and TeamWerks
- b. Cost sharing. The Institutional Lenders will bear the cost of the services provided by CloudNine and TeamWerks to create, host, and

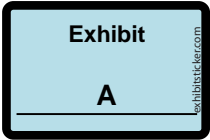

make available to claimants the EquityBuild Documents for a six-month period, except that (i) the Receiver will contribute 20% of the cost up to a cap of \$18,400 for the six-month period that the database will be operational, and (ii) claimants other than the Institutional Lenders who seek access to the EquityBuild Documents will pay access fees to the Vendors according to the following options:

- i. Option to obtain dedicated database (\$300 set up plus \$400/mo.)
 - ii. Option to share database with only access, search and download capabilities (\$100 flat fee for 6 months)
- c. The Receiver will furnish to all claimants, other than the Institutional Lenders, (1) notice that they can access the EquityBuild Documents through the vendors provided that the claimant sign the Acknowledgement and Agreement to be Bound by the Confidentiality Agreement, (2) information concerning the two options identified above, and (3) the Vendor's contact information. TeamWerks has agreed to send a PDF of the Confidentiality Agreement to any claimant requesting access to the EquityBuild documents and wait until the executed Acknowledgement is returned before forwarding the invitation link to the claimant. The cost of this process will be covered by the \$100 one-time administrative fee per claimant or the dedicated database fees above.

4. *Resolution of Claims*

- a. The commencement of the process for the resolution of claims will begin after the procedures for the claims process are finalized and the EquityBuild Documents and proofs of claims are made available to all Claimants in the manner set forth above.

Hon. John Z. Lee

Mag. Judge Young B. Kim

To: EquityBuild Claimant

You are receiving this document because you have asserted a claim in the matter of SEC v. EquityBuild, Inc. et al., Case No. 18 CV 05587, pending in the federal district court for the Northern District of Illinois.

The Court is addressing the claims asserted in this case by groups of properties. You have asserted a claim against one or more of the properties in the group of properties that is currently before the Court (Group #___), which consists of the following properties:

LIST PROPERTIES IN GROUP

All investors who have asserted a claim in Group #___ are being served with these discovery requests so that the Court and other claimants asserting a claim against the same properties may properly evaluate the claims against the properties in Group #___.

The discovery requests include (1) requests to provide the documents described; and (2) requests to answer questions in writing.

You are required to provide a copy of all of the requested documents and a written answer to all of the questions asked. You will need to search your records to find the requested documents and the information necessary to answer the questions.

We understand that you have already submitted a proof of claim form and supporting documentation. There is no need for you to send anything you previously submitted again. But, please be aware you are being requested to provide documents and information in addition to what you already submitted with your proof of claim, so, if you did not already submit any one or more of the requested documents with your proof of claim, you must provide those documents at this time.

You also have the ability to ask written questions or to request documents from the other participants in Group #___ by sending such written questions or requests for documents to that participant at the address provided on the Group #___ Contact List accompanying these discovery requests.

The Court, however, has ordered that in addition to these questions and document requests, a claimant may not ask more than ___ additional questions and may not request more than ___ additional categories of documents, unless the claimant first obtains an order from the Court allowing it. Such additional requests cannot be served until after the deadline for responding to these requests. If you receive such additional requests, you must respond to them in the same manner that you are responding to this request.

Please refer to the following instructions and definitions to assist you in answering these discovery requests.

INSTRUCTIONS

- a. By DATE, you must email your answers to the questions and any additional documents you have not already submitted to the Receiver at equitybuildreceiver@rdaplawn.net, who will then make arrangements for distribution to the SEC and every other claimant asserting an interest in the same property as you. If your documents are too large to attach to your email, please say so in the email and a link to upload the documents will be provided to you. If you are unable to scan and email electronic copies of your answers and the documents (the preferred means of delivery), they instead may be mailed to:

EquityBuild Receiver

But, please be aware that you are being requested to provide documents in addition to the documents you already furnished with your Proof of Claim. Therefore, you must review the Proof of Claim you submitted to determine whether you furnished all of the documents that you are requested to produce in these discovery requests. If there are documents or information that you did not furnish to the Receiver previously, you need to do so now. If you determine that you previously furnished all of the documents in your Proof of Claim, you may answer the request by confirming in writing that you already submitted the requested documents.
- c. If you have a doubt whether you provided a document with your Proof of Claim or whether a document is related to a request, you should provide it now.
